ROUTE OM VERIFICATIE VIA E-MAIL TE GEBRUIKEN

1. Volg de eerste stap van inloggen op reguliere wijze:

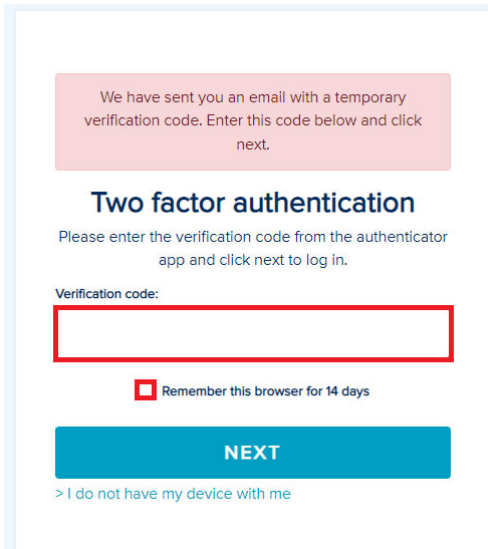

The screenshot shows the ResearchManager login interface. At the top left is the ResearchManager logo. Below it, the text 'Log on' is displayed, followed by the link 'or request an account'. A dark blue button labeled 'Logon using SURFconext' is present. Below this button is a horizontal line with 'or' in the center. Underneath, there are two input fields: 'Username:' containing 'test.account' and 'Password:' containing a masked password '.....'. A blue 'LOG ON' button is at the bottom, with a 'Lost password' link below it.

2. Kies bij de twee-factor-authenticatie voor 'I do not have my device with me'.

The screenshot shows the 'Two factor authentication' page. The title is 'Two factor authentication'. Below it, the instruction reads: 'Please enter the verification code from the authenticator app and click next to log in.' There is a 'Verification code:' label above a text input field. Below the input field is a checkbox labeled 'Remember this browser for 14 days'. A blue 'NEXT' button is at the bottom. Below the button is a link: '> I do not have my device with me'.

3. U krijgt nu een e-mail met een verificatie-code die u op de daarvoor aangewezen plek kunt invullen:

We have sent you an email with a temporary verification code. Enter this code below and click next.

Two factor authentication

Please enter the verification code from the authenticator app and click next to log in.

Verification code:

Remember this browser for 14 days

NEXT

[> I do not have my device with me](#)

Indien u ook een vinkje zet bij 'Remember this browser for 14 days' wordt u gevraagd een naam op te geven voor de browser. Na opslaan hoeft u 14 dagen geen 2^e factor meer in te voeren.
